Toronto – ROUTE 66: A MUSICAL QUEST FOR THE AMERICAN DREAM - with guitarist / vocalist Colin Godbout.

Contact: Colin Godbout: [colingodbout@yahoo.com](mailto:colingodbout@yahoo.com); 250-477-1122.

Godbout's Route 66 is a musical road trip in pursuit of the American dream. It winds from sweet home Chicago beyond Pat Metheny's Missouri sky to Bruce Springsteen's ode to migrant Okies, Ottmar Liebert's New Mexican nuevo flamenco, and a California surfari.

Global guitarist and vocalist Colin Godbout earned rave reviews last summer for his cross-country tour of TransCanada '69, a musical journey to a magical time featuring songs of Leonard Cohen, Joni Mitchell, Lenny Breau, and others (for details visit [colingodbout.com](http://colingodbout.com)). This summer he takes audiences on a musical ride south of the border with songs that probe the American dream, including Pat Metheny's *Midwestern Night's Dream* and *This is Not America*, Bruce Springsteen's *Ghost of Tom Joad.*, and The Eagles *Hotel California*.

"Godbout is a guitar virtuoso. You'll spend the hour listening to gorgeous, jazz-infused renderings of musical landscape." Winnipeg Free Press

"Godbout is a brilliant guitarist and musical interpreter. In his hands the guitar becomes a whole rhythm section." The Gate: Toronto Entertainment Magazine
